The war for high-tech talent is growing fiercer than ever. CIOs tell us that delay in procuring the right IT talent, at the right price, is preventing them from being effective and efficient and unable to keep up with the pace of change to maintain competitive edge.

“How can we reach our goals if we can’t find talented people quickly at the right cost?”

IT Managers realize that they need a more agile platform to gain quick access to high caliber talent which is a paradigm shift from current IT services procurement norm.

ITPeopleNetwork recognized this market need and is pleased to announce the launch of an incredible NEW Product – [GetITPeople.com](http://www.GetITPeople.com), the only such product in the market, which is uniquely positioned to address all consulting talent acquisition and training related customer grievances. It is a simple tool with advanced features that enable customers to gain access to high caliber IT talent and IT trainers quickly at a significantly reduced cost. Powered by smart source just-in-time framework, robust multi-point skill match selection criterion, star rating mechanism across major constituencies, video interview capabilities, background checks and online contract completion to find the right IT consultants and procure them with total confidence using the easy, yet advanced, tool [GetITPeople.com](http://www.GetITPeople.com)
